Spider-Man • Red Sonja

Spider-Man has crossed paths with a number of surprising co-stars during his forty-five years of superheroing—but there are few *more* surprising than the She-Devil with a Sword, Red Sonja. It was unexpected enough when the two joined forces years ago, when Marvel had the rights to both characters; but it's even moreso now that Sonja has moved to her new home with Dynamite Entertainment.

Spider-Man/Red Sonja, a five issue limited series published by Marvel in cooperation with Dynamite, brings the two together to fight a villain familiar to them both: Kulan Gath, an adversary with the mystical ability to span time and space, threatening both the distant lands of the Hyborian Age and the modern Marvel Universe.

"When you first hear the title, it sounds crazy," Marvel editor Bill Rosemann admitted, "but when I've mentioned the story to those who know their Marvel history, their eyes light up and they're like, 'Oh yeah! Spider-Man and Red Sonja met before – and then Spidey fought Kulan Gath in that cool *Uncanny X-Men* story!'"

"So Nick Barrucci of Dynamite, being a huge fan of those stories, approached Marvel about getting Spidey and Sonja back together again. Marvel, seeing how nice *Marvel Zombies/Army of Darkness* was working out, thought this would be a fun (and a surprisingly natural) follow-up. And when Tom Brevoort asked me to join him as the Marvel editorial consultants on it, I jumped at the chance—because like Nick, I have very fond memories of their previous encounters."

The series is written by Mike Oeming, who has plenty of experience working for both companies. What made this project so appealing to him? "I get to write Spider-Man!" he responded enthusiastically. Oeming admitted, though, that for a while he wasn't really sure it was going to happen. "I had so much other work both with Sonja and Powers and such, I didn't really think of it, and I kept it out of my mind

"But Spider-Man—he can be shaken, and that's the fun of it. He speaks for the reader, but, he's quick to recover, and his wits keep him centered. And as for his memories about encountering these characters before, blame magic—his past memories are clouded."

When it came time to write his first Spidey story, Oeming called on an experienced friend to offer a little advice. "I called [Brian] Bendis and said, 'I'm writing Spider-Man, what do I do?' I asked him to read the opening scene for me which had to be a classic 'Spider-Man fights street thugs' scene, and yet it still needs to be special. He liked it and gave me some pointers that I won't reveal—but they were a big help and I have to say, I'm loving writing Spider-Man. Peter Parker is the best! I'd *love* to play with the character again, especially as a writer. Drawing those webs are a pain!"

The villains in this story include Eddie Brock in a familiarly venomous form... and Rosemann explains how that can be. "I'd say the specific time period is a few years ago—because we wanted to include the 'I want to eat your brains' Eddie Brock version of Venom."

What does Rosemann hope to accomplish with this miniseries? "Our goal is to produce an action-packed and dramatic tale that stands alongside their classic prior meetings," rosemann said. "Hopefully the story will add yet another fun chapter to their long list of adventures—and like I said, we're considering this 'in-continuity,' so it counts! If we can entertain the readers who dug those tales, then we've done our job. It's a high goal to reach for, but both characters and the readers deserve the very best."

Spider-Man/Red Sonja #1, a \$2.99 comic, is slated for early August release.

Spidey's Seeing Red... Again!

knowing that with negotiations and such, it could take forever to happen or not happen at all. Once we got the actual green light, my heart leapt out of my chest—not only do I get to write Spidey, but I get to write a Spidey/Red Sonja cross over! It all just added the pressure of making it work so it doesn't come off silly in any way."

This isn't one of those crossovers isolated from the worlds in which either of the stars operates. "We're all considering this an 'in-continuity' story that not only occurs after and follows-up on the events of not only *Marvel Team-Up* #79 [the first meeting of Spidey and Red Sonja]," Rosemann said, "but also *Uncanny X-Men* #190-191, the instant classic by Chris Claremont & John Romita Jr. where Kulan Gath transformed Manhattan into a whacked-out ver-

sion of Hyboria. It featured Spider-Man, the X-Men, the New Mutants, the Morlocks... Kulan crucified Spider-Man in it... it blew my mind!"

Once again, Kulan Gath is in a New York state of mind. "Much like the original, this is about Kulan Gath trying to take over New York," Oeming said. "He transforms it into a modern Hyboria, much like the *Uncanny X-Men* issues where he appeared. In the *Team-Up* issue, it was just Spidey, Sonja and Gath, but here we'll bring in all of Hyboria and a few classic Spidey villains 'Hyborian style.' We have the whole cast of characters, including Spider-Man and the Eddie Brock Venom, Kulan Gath with Red Sonja, J. Jonah Jameson... but at its heart, this is a love story between Spidey and Mary Jane, with Sonja stuck in the middle. I think that's ultimately what makes this cross over work, is that it's pretty character driven."

"Kulan Gath has found a way to punch into modern day New York once again, he magically transforms the land and the people, polarizing them into their best and worst aspects. In the past, it's been established that Spider-Man is immune to this spell for some reason and Mary Jane has a spiritual connection to a very special sword wielded by Red Sonja."

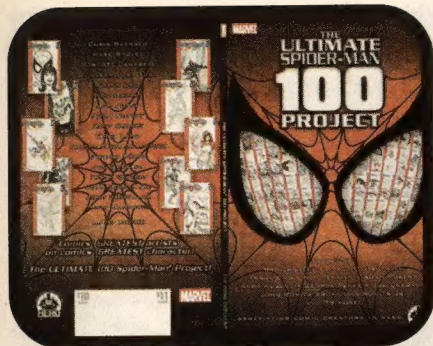

So how can Oeming describe this as a love story between Spidey and Mary Jane? That's easy: Red Sonja is Mary Jane. "As with the original story, Mary Jane is transformed into Sonja physically, while the actual Mary Jane is buried deep beneath somewhere in her soul, in danger of being lost forever," Oeming said. "So its Spidey's job to get Sonja to realize she has this other person inside of her, to awaken MJ within Sonja.... not an easy nor safe task mind you. Eventually, Sonja will figure out what's going on and she's going to have to make a choice about Mary Jane, one that might cost her her life.... or not, because Sonja is a survivor!"

How does Sonja cope with this meeting of two worlds? "Sonja rolls with the punches," Oeming said. "It's hard to vex this woman—and if she is vexed, she won't show it. She's very focused. She and Spidey do not get along. Once they are forced to fight together, it's difficult for Sonja to take Spidey seriously because he tends to fight with his tongue as much as Sonja does with her sword!"

Ultimately, You Know You'll Want It

Late last year, Brian Bendis & Mark Bagley brought you the landmark 100th issue of *Ultimate Spider-Man*. Now, Hero Initiative (the charitable organization founded to provide a financial safety net for yesterday's comics creators, many of whom have no pensions or insurance policies) is making it possible for readers to add the ultimate *Ultimate Spider-Man* commemorative to their collection: a volume reprinting all but one of the one hundred covers done for the Hero Initiative *Ultimate Spider-Man* project.

In case you missed the news, these covers were original pieces of art produced by such greats as J. Scott Campbell, Frank Cho, Neil Gaiman, Matt Wagner, Adam & Andy Kubert, George Pérez, Joe Quesada, John Romita Sr. & Jr.—and of course, Mark Bagley himself, whose astounding one-hundred-issues-in-six-years output made this celebration possible!

The 112-page collection, affordably priced at only \$10, includes a special introduction by Spidey co-creator Stan Lee. The only contributing artist not included, according to editor Jim

McLauchlin, is Todd McFarlane.

McLauchlin confirmed that there would be "no McFarlane piece published in the book per Todd's request." However, to make up for it, he said that "there are some surprises in there I don't think anyone is anticipating."

"We were thrilled to see the comics community turn out in force for this project and much attention it brought to Hero Initiative," Marvel editor-in-chief Joe Quesada, who helped make this project possible, said. "Now, with all of these great covers in one book, fans around the world can not only see the amazing dedication and love put into the art, but they will be contributing to one of the greatest organizations around."

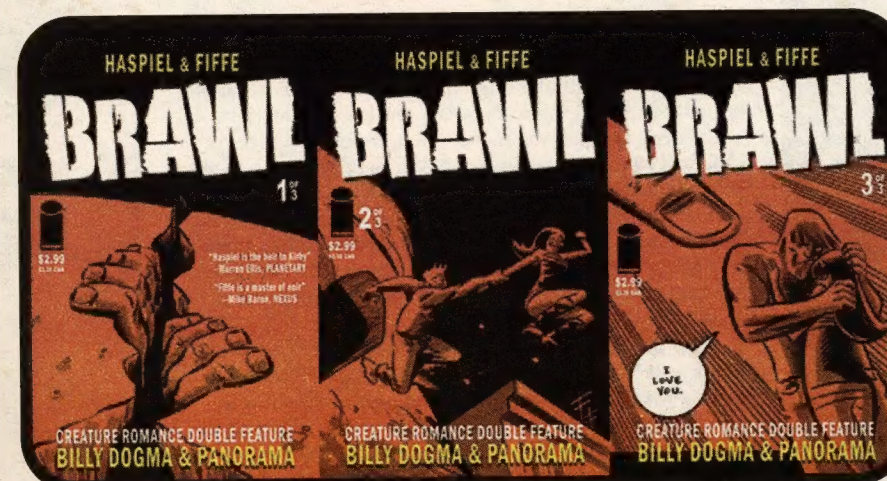

The Ultimate Spider-Man #100 Project is slated for September release—and since there will only be one printing of this unique book, grab it while you can... and know that your money is going to a wonderful cause!

Bendis plans to "continue with the *Avengers*, continue with *Ultimate Spider-Man*, and take on some new projects, as well as continue with my *Icon* book." Additionally, Bendis said that "there are things that the company is doing that they are including me in, that very rarely have they included a freelancer in on, and that's part of my deal. There are a couple of announcements coming that will elaborate more on what I'm talking about."
